Dear Customer,

Since our last issue we have changed to a better quality of Bonsai bowls and a larger variety of seedlings and plants which are more suitable for Bonsai. If you do not see what you are looking for in our list of plants please let us know. We may be able to fill your needs.

Please let us know if there are other items we should add or if you are interested in other sizes, shapes, or colors of bowls. We will be happy to try to fill your needs.

The trees listed hereon have been in their pots for at least one season and may be safely shipped at any time. Upon receipt they may be kept in the pots for some time without damage. When planted they should be put into a mixture of light soil and peat and should be protected from the sun and wind for a few months, particularly in the hot summer or cold winter. Spraying with wilt-pruf is helpful but not essential.
